Variation

Zellige tiles are made entirely by hand in Morocco and each tile will be different from the next. Please expect the following characteristics which are inherent in authentic Zellige tile from Morocco.

- Chips off the surface of the glaze exposing the clay beneath
- Imperfections on the tile face
- Dips in the surface of the tile
- Uneven edging of the tile
- Wide variation in color/shade between tile pieces
- Glaze pooling in areas of a tile
- Lime pops that expose the substrate of the tile
- Thickness variation from piece to piece

Variation between samples and tiles received is possible, as handmade techniques of glazing make shade and color variation an inherent part of the product. Samples received before shipments should be considered indicative of color only. Driftwood Design Lab will not honor any claims made for these characteristics listed above if claimed as defects.

Zel Recommended Usage		
Wall Application	Suitable	
Interior Wall/Backsplash	Yes	
Fireplace/Cooktop Surround	Yes	
Shower Wall***	Yes	
Steam Shower	No	
Exterior Wall	Yes*	
Pool, Spa or Water Feature (fully submerged)	No	
Floor Application		Interior
Shower	No	
Steam Shower	No	
Light Residential	Yes**	
Residential	No	
Application Notes		Floor Application Definitions
*Residential Exterior vertical uses in climates that do not experience freeze-thaw conditions.		Light Residential - Flooring areas subject to soft-soled footwear or normal footwear traffic without abrasive soil/dirt, such as bathrooms and bedrooms without exterior access and minimal pivot points.
**If used for flooring, expect wear and tear on the tiles, which may include glaze wearing off the edges, or chipping off the surface, as well as cracks, or complete failure of occasional tiles.		Residential - Flooring areas subject to soft-soled or normal footwear traffic that may contain amounts of abrasive soil/dirt, such as living rooms, dining rooms or other rooms with exterior access.
***See install instructions for specific method for shower wall installation.		
Pools, Spas & Fountains		
Zellige has traditionally been used in pools and fountains in Morocco. However, Zellige tiles do not meet US standards for use in pools, spas or other areas where it will be regularly submerged in water; and we do not recommend Zel for these applications.		
Use of Zel in pool, spas and fountains is at the discretion of the customer and no claims for damage will be honored for Zel used in these applications, regardless of installation methods.		

Zel Installation Guidelines include important methods that if not followed may result in an unsatisfactory installation. For installation instructions, please visit: DriftwoodDesignLab.com
